1. Acknowledgement of Country	Daniella Teixeira
2. Welcome and thank you for your input so far.	Daniella Teixeira
3. Plan for proposed workshop in Brisbane <ul style="list-style-type: none"> <li>a. Date: 2-3 June 2025, Venue: HLW in Brisbane CBD</li> <li>b. Agenda ideas               <ul style="list-style-type: none"> <li>i. Threat prioritisation</li> <li>ii. Risk matrix</li> <li>iii. Vision objectives and strategies</li> <li>iv. Actions</li> </ul> </li> <li>c. Sam to build a facilitation plan</li> <li>d. Who else to invite?               <ul style="list-style-type: none"> <li>i. It is important to keep the numbers manageable for decision-making purposes.</li> <li>ii. Indigenous groups</li> <li>iii. Guy mentioned that the plan will go out for</li> </ul> </li> </ul>	Daniella Teixeira  ACTION: Sam to build a facilitation plan.  ACTION: Draft agenda for face to face meeting in June.

<p>comment anyway so too many people involved at this early stage might be counter productive.</p> <p>iv. Sam suggested that we host a pre-consultation webinar to share the draft prior to sending out for comment.</p> <p>e. Sam asked for info about attendees travel plans</p>	
<p>4. Update on draft Recovery Plan sections 1 - 3</p> <p>a. Can we finalise these draft sections now?</p> <p>i. Dani to consolidate all of the comments on sections 1 - 3. Tidy it up and resend for final comment.</p> <p>ii. Nest predation issue is a good example of not having much data available and where it should go into the plan.</p> <p>iii. When we convene face to face, there will likely be a list of knowledge gaps that arise. Especially regarding threats to nesting success on the mainland.</p> <p>b. Anything outstanding?</p> <p>i. This document doesn't need to be a comprehensive literature review of the species. Striking a balance is crucial.</p> <p>ii. Supporting documents can be included - this might be where the literature review sits.</p> <p>iii. Gay doesn't consider the document to be too long.</p> <p>iv. Matt does think it is a bit too long - need to focus on the purpose of the document and how the information might be used.</p> <p>v. Dani believes that we need to consider how much information we take from the Kangaroo Island experience into this plan.</p> <p>vi. Gay recognises the value of experiences of the Kangaroo Island population, especially in examples where no comparable data exists for the mainland population.</p> <p>vii. Land tenure</p> <p>viii. Indigenous engagement</p>	<p>Daniella Teixeira</p> <p>ACTION: Dani to review sections 1-3 and resend prior to the next meeting.</p>
<p>5. Other business</p> <p>a. Glossies still gathering at Fingal Head.</p>	<p>Everyone</p>
