Minutes for Wednesday 25 June 2025

1. Acknowledgement of Country	Daniella Teixeira
2. Welcome	Daniella Teixeira
3. Threats diagram update Guy and Gay shared their draft diagram illustrating threats and how they interact. Discussion took place around changes that might improve the diagram. ACTION: Guy and Gay to continue refining and present a final draft out-of-session (by email) by end of next week - Friday 4 July.	Guy Castley and Gay Crowley
4. Threats section of plan ACTIONS: <ul style="list-style-type: none"> Sam to set-up platform for collecting extra intel about threats based on whether the threat is major; minor, does not exist; or status unknown. This information will inform the prioritisation of threats. 	Daniella Teixeira
5. Objectives, strategies and actions <ol style="list-style-type: none"> Need everyone's input now Prioritising actions will take place in the future 	Sam Morris

<p>ACTION - review actions - whole group. This is a priority for next meeting. Threat prioritisation may influence some actions.</p>	
<p>6. Carrying capacity proposal Discussion took place about Matt's proposal.</p> <p>ACTION - All members read Matt's proposal. Developing a carrying capacity model is an action in the plan.</p>	<p>Daniella Teixeira</p>
<p>7. Other business</p> <ul style="list-style-type: none"> • Monitoring guidelines - NSW Government is developing monitoring guidelines for a whole range of species - Glossies being one of them. Dani is being engaged in terms of acoustic monitoring but suggested Recovery Team members might be keen to review. Guy mentioned that Queensland Government also has guidelines that are out of date and that a global model would be ideal. Developing guidelines is also one of the draft Recovery Plan actions. • Artificial nesting - discussion took place around misconceptions surrounding nest boxes as an offset for lost Glossy habitat. Several points were made to reinforce the fact that the SEGBC has not once been known to use artificial nesting and members discussed the challenges around monitoring nesting. 	<p>Everyone</p>
